**TRANSNATIONAL
MEETING
ATHENS**

04.10-06.10.2017

The third transnational meeting was held in Athens, Greece between the 4th and 6th of October 2017. The meeting was attended by 13 persons including stakeholders from Austria, Bulgaria, Greece and Poland. The discussion with the stakeholders proved to be very interesting and brought the European dimension into focus. It was one of those rare opportunities where NGO's and stakeholders from various European countries could sit at a common table and discuss the situation of immigrant women and partly all women concerning sexual violence in open space.

One of the biggest movements on social media began a few days ago and is causing a wide spread cry against sexual harassment and violence. Millions of women from all over the world have reacted over face book, twitter and Instagram and disclosed their personal experiences. Information about the

movement will be passed on to the peer leaders and participants of the project. The action is an encouragement to immigrant women and of additional value to the project.
